

## The Director's Statement to Consumers

Challenging times are upon us, and that means now more than ever that we need the voices of those whose lives will be impacted by research funded through CDMRP. We understand that consumer involvement has been impacted by COVID-19, and we seek to coordinate ways in which to continue and even bolster participation during this time, particularly for military participants. Please coordinate with our Consumer Reviewer Administrator team ([Consumers@CDMRP.org](mailto:Consumers@CDMRP.org)) to see how we can best facilitate your involvement and keep checking our website for news and updates.

I encourage everyone to make safety and wellness a priority during this time. At CDMRP, we remain dedicated to our mission of responsibly managing collaborative research that discovers, develops, and delivers health care solutions for Service Members, Veterans and the American public.

Stay safe!

COL Stephen J. Dalal  
Director, CDMRP
