

Reference Table of Award Mechanisms and Submission Requirements

Award Mechanism	Experience of Principal Investigator	Key Mechanism Elements	Dollars Available	Submission Deadline
Postdoctoral Traineeship Award	Limited postdoctoral experience: <ul style="list-style-type: none"> • Ph.D.: 3 years or less at the time of proposal submission • M.D.: with at least 2 years of residency training remaining at the time of proposal submission 	<ul style="list-style-type: none"> • Trains recent Ph.D. or M.D. graduates in prostate cancer research • Preliminary data not required 	\$125,000 (Ph.D.) or \$150,000 (M.D.) inclusive of direct and indirect costs for up to a 2-year performance period	February 10, 2004 5:00 p.m. (Eastern time)
Health Disparity Training – Prostate Scholar Award	Predoctoral, Postdoctoral, and Postresidency	<ul style="list-style-type: none"> • Provides training opportunities to focus on the disparate burden of prostate cancer in African Americans 	\$90,000 for Predoctoral, \$187,500 for Postdoctoral, and \$300,000 for Postresidency Traineeships inclusive of direct and indirect costs for up to a 3-year performance period	February 10, 2004 5:00 p.m. (Eastern time)
Health Disparity Research – Prostate Scholar Award	Assistant Professor or equivalent	<ul style="list-style-type: none"> • Supports researchers to focus on the disparate burden of prostate cancer in African Americans 	\$300,000 in direct costs for up to a 3-year performance period, plus indirect costs as appropriate	February 10, 2004 5:00 p.m. (Eastern time)
Exploration – Resource Development Award	All levels of experience	<ul style="list-style-type: none"> • Supports product-driven research aimed at developing critical resources needed to advance the field of prostate cancer research • Resources may include, but are not limited to, development of animal models, cell lines, and reagents • Work must be exempt or expedited for human subject or specimens use 	\$75,000 in direct costs for up to an 18-month performance period, plus indirect costs as appropriate	February 10, 2004 5:00 p.m. (Eastern time)

Reference Table of Award Mechanisms and Submission Requirements

Award Mechanism	Experience of Principal Investigator	Key Mechanism Elements	Dollars Available	Submission Deadline
Exploration – Hypothesis Development Award	All levels of experience	<ul style="list-style-type: none"> • Supports initial exploration of innovative, untested, potentially groundbreaking concepts in prostate cancer • No preliminary data expected • Work must be exempt or expedited for human subject or specimens use 	\$75,000 in direct costs for up to an 18-month performance period, plus indirect costs as appropriate	February 10, 2004 5:00 p.m. (Eastern time)
New Investigator Award	<ul style="list-style-type: none"> • Independent investigators within 6 years of last fellowship or postdoctoral position with access to appropriate research facilities • Requires a collaborator with experience in prostate cancer research • No previous non-mentored awards in excess of \$100,000 in direct costs in aggregate from extramural sources 	<ul style="list-style-type: none"> • Emphasis on innovative ideas and technology • Preliminary data not required 	\$225,000 in direct costs for up to a 3-year performance period, plus indirect costs as appropriate	February 10, 2004 5:00 p.m. (Eastern time)
Idea Development Award	<ul style="list-style-type: none"> • Independent investigators at the level of Assistant Professor or equivalent or above • Established investigators in prostate cancer research or in other fields who want to pursue prostate cancer research 	<ul style="list-style-type: none"> • Emphasis on innovative ideas and technology • Preliminary data relevant to prostate cancer required • Seeking proposals across all areas of laboratory, clinical, behavioral, and epidemiological research, including clinical trials 	\$375,000 in direct costs for up to a 3-year performance period, plus indirect costs as appropriate	February 10, 2004 5:00 p.m. (Eastern time)
