| Concept Award                   | All investigators at or above the level of postdoctoral fellow (or equivalent) | • Supports highly innovative, untested, potentially groundbreaking concepts in lung cancer.  
• Emphasis on innovation.  
• Research involving human subjects or specimens must be either exempt under Title 32, Code of Federal Regulations (CFR), Part 219, Section 104(d) (32 CFR 219.104[d]) or eligible for expedited review (32 CFR 219.110 or 21 CFR 56.110).  
• Clinical trials not allowed.  
• Preliminary data discouraged (not consistent with intent of award mechanism).  
• Relevance to Military Health strongly encouraged. | • Maximum funding of $100,000 in direct costs (plus indirect costs)  
• Period of performance not to exceed 1 year | PENDING RELEASE  
DEADLINE TO BE DETERMINED |
| Career Development Award        | Principal Investigator (PI):  
• Independent investigators at the level of Assistant Professor, Instructor, or equivalent; must be within 5 years of first faculty appointment  
• Must not have received a Career Development Award previously from any program within the Congressionally Directed Medical Research Programs  
• Must not have received more than $300,000 in total direct costs for previous or | • Supports early-career, independent researchers to conduct research under the mentorship of an experienced lung cancer researcher.  
• Clinical trials not allowed.  
• Preliminary data not required.  
• Relevance to Military Health strongly encouraged. | • Maximum funding of $250,000 in direct costs (plus indirect costs)  
• Period of performance not to exceed 2 years | Pre-Application (Letter of Intent):  
August 01, 2019  
5:00 p.m. Eastern Time  
Letter of Intent is required.  
Application:  
August 21, 2019  
11:59 p.m. ET |

| Idea Development Award      | **Established Investigators:** Independent investigators at or above the level of an Assistant Professor (or equivalent)                                                                                     | **Supports new ideas that are in the early stages of development representing innovative, high-risk/high-gain research.**  
**Emphasis is on innovation and impact.**  
**New Investigators:** Supports applicants early in their faculty appointments or in the process of developing independent research careers.  
**Clinical trials not allowed.**  
**Preliminary data required,** but may be from outside of lung cancer.  
**Relevance to Military Health strongly encouraged.**                                                                                                                   | **Maximum funding of $350,000 in direct costs (plus indirect costs)**  
**Period of performance not to exceed 2 years**                                                                                                             | Pre-Application (Preproposal): May 15, 2019 5:00 p.m. Eastern Time  
Preproposals are required; application submission is by invitation only.  
Application: August 21, 2019 11:59 p.m. ET |

**Eligibility:**
- concurrent lung cancer research as a PI of one or more federally or privately funded, non-mented, peer-reviewed grants

**Mentor:**
- At or above the level of Associate Professor (or equivalent)
- Must have a proven publication and funding record in lung cancer research

**Grants.gov Funding Opportunity Number:** W81XWH-19-LCRP-IDA

| Investigator-Initiated Translational Research Award | Independent investigators at or above the level of Assistant Professor (or equivalent) | • Supports translational research that will develop promising ideas in lung cancer into clinical applications. Translational research may be defined as an integration of basic science and clinical observations.  
• Intended to fund a broad range of translational studies.  
• Clinical trials not allowed.  
• Preliminary data required.  
• Relevance to Military Health strongly encouraged. | • Maximum funding of $400,000 in direct costs (plus indirect costs)  
• Period of performance not to exceed 2 years | Pre-Application (Preproposal): May 15, 2019 5:00 p.m. Eastern time  
Preproposal is required; application submission is by invitation only.  
Application: August 21, 2019 11:59 p.m. ET |
| Translational Research Partnership Award     | Investigators at or above the level of Assistant Professor (or equivalent)    | • Supports partnerships between clinicians and research scientists that accelerate ideas in lung cancer into clinical applications.  
• One partner is strongly encouraged to be from a Department of Defense military treatment facility or laboratory, or Veterans Affairs medical center.  
• Nontraditional partnerships are encouraged.  
• Clinical trials are allowed.  
• Preliminary data required.  
• Relevance to Military Health strongly encouraged. | • Maximum funding of $900,000 in direct costs (plus indirect costs)  
• Period of performance not to exceed 3 years | Pre-Application (Preproposal): May 15, 2019 5:00 p.m. Eastern time  
Preproposal is required; application submission is by invitation only.  
Application: August 21, 2019 11:59 p.m. ET |
