# Fiscal Year 2019 (FY19) Prostate Cancer Research Program (PCRP) Reference Table of Award Mechanisms and Submission Requirements

## PCRP AWARD MECHANISMS WITH EMPHASIS ON INNOVATION

<table>
<thead>
<tr>
<th>Award Mechanism</th>
<th>Eligibility</th>
<th>Key Mechanism Elements</th>
<th>Funding</th>
<th>Submission Deadline</th>
</tr>
</thead>
</table>
| Idea Development Award              | **Established Investigators:** Independent investigators at all levels or **New Investigators:** Investigators that meet the following criteria at the application submission deadline date:  
  - Have the freedom to pursue individual aims without formal mentorship  
  - Have not previously received a PCRP Health Disparity Research Award and/or Idea Development Award  
  - Have completed at least 3 years of postdoctoral training or fellowship and are within 10 years after completion of terminal degree (excluding residency or family medical leave) | Preproposal is required; application submission is by invitation only.  
  - Supports new ideas that represent innovative, high-risk/high-gain approaches to prostate cancer research and have the potential to make an important contribution to one or more of the FY19 PCRP Overarching Challenges.  
  - Emphasis is equally placed on Innovation and Impact.  
  - Preliminary data are encouraged, but not required.  
  - Clinical trials are not allowed.  
  - **Must** address at least one of the FY19 PCRP Overarching Challenges.  
  - **New Investigator Option** supports applicants early in their faculty appointments or in the process of developing independent research careers. | Established Investigators:  
  - Maximum funding of **$750,000** for direct costs (plus indirect costs).  

New Investigators:  
  - Maximum funding of **$600,000** for direct costs (plus indirect costs).  
  - Maximum period of performance is 3 years. | Pre-Application (Preproposal):  
  - June 6, 2019  
  - 5:00 p.m. Eastern Time  

Application:  
  - September 19, 2019  
  - 11:59 p.m. Eastern Time |

<tbody>
<tr>
<td>Early Investigator Research Award</td>
<td>By March 31, 2020 Postdoctoral Principal Investigators (PIs):</td>
<td>• Supports research opportunities focused on prostate cancer for individuals in the early stages of their careers.</td>
<td>• Maximum of $200,000 for direct costs (plus indirect costs).</td>
<td>Pre-Application (Letter of Intent):</td>
</tr>
<tr>
<td></td>
<td>Must possess a doctoral degree (or equivalent)</td>
<td>• PIs must have a designated mentor who is an experienced prostate cancer researcher.</td>
<td>• Maximum period of performance is 2 years.</td>
<td>June 6, 2019 5:00 p.m. Eastern Time</td>
</tr>
<tr>
<td></td>
<td>Have 3 years or less of postdoctoral research experience (excluding clinical residency or clinical fellowship training)</td>
<td>• Applications from PIs who demonstrate a commitment to pursuing a career focused in prostate cancer health disparity research are highly encouraged.</td>
<td></td>
<td>Confidential Letters of Recommendation:</td>
</tr>
<tr>
<td></td>
<td></td>
<td>• <strong>Must</strong> address at least one of the FY19 PCRP Overarching Challenges.</td>
<td></td>

### Fiscal Year 2019 (FY19) Prostate Cancer Research Program (PCRP)

**Reference Table of Award Mechanisms and Submission Requirements**

<table>
<thead>
<tr>
<th>Award Mechanism</th>
<th>Eligibility</th>
<th>Key Mechanism Elements</th>
<th>Funding</th>
<th>Submission Deadline</th>
</tr>
</thead>
</table>
| **Clinical Trial Award**                      | Independent investigators at all levels                                       | • Supports hypothesis-based, early-phase clinical trials (e.g., Phase 0, Phase I, pilot Phase II) to test interventions that will have a major impact on one or more of the FY19 PCRP Overarching Challenges.  
  • Interventions may include drugs, devices, biologies, surgical procedures, behavior modifications, or other types.  
  • Investigational New Drug or Investigational Device Exemption approvals, if applicable, must be in place by the time of application submission.  
  • Letter of support to demonstrate proof of possession of sufficient drug supply to conduct study must be provided (if applicable).  
  • Clinical trials are expected to be initiated within 12 months of the award date. | • Maximum funding of $2,000,000 for direct costs (plus indirect costs).  
  • Maximum period of performance is 4 years. | Pre-Application (Letter of Intent):  
  June 27, 2019  
  5:00 p.m. Eastern Time  
  Application:  
  July 18, 2019  
  11:59 p.m. Eastern Time |
| **Health Disparity Research Award**           | Establish**ed Investigators:** Independent investigators at all levels  
  or **New Investigators:** Investigators that meet the following criteria at the application submission deadline date:  
  • Have the freedom to pursue individual aims without formal mentorship  
  • Have not previously received a PCRP Health Disparity Research Award and/or Idea Development Award | • Supports ideas that have high potential to make a significant impact in reducing and ultimately eliminating disparities in prostate cancer incidence, morbidity, and mortality.  
  • Primary emphasis will be placed on the potential impact of the proposed work.  
  • Preliminary data are encouraged, but not required.  
  • Proposed projects may include basic, translational, population science, or clinical research, including clinical trials.  
  • **Must** address at least one of the FY19 PCRP Overarching Challenges.  
  • **New Investigator Option** supports applicants early in their faculty appointments or in the process of developing independent research careers. | **Established Investigators:**  
  • Maximum funding of $750,000 for direct costs (plus indirect costs).  
  **New Investigators:**  
  • Maximum funding of $600,000 for direct costs (plus indirect costs).  
  • Maximum period of performance is 3 years. | Pre-Application (Letter of Intent):  
  June 27, 2019  
  5:00 p.m. Eastern Time  
  Application:  
  July 18, 2019  
  11:59 p.m. Eastern Time |
### Fiscal Year 2019 (FY19) Prostate Cancer Research Program (PCRP) Reference Table of Award Mechanisms and Submission Requirements

**PCRP Award Mechanisms with Emphasis on Impact**

<table>
<thead>
<tr>
<th>Award Mechanism</th>
<th>Eligibility</th>
<th>Key Mechanism Elements</th>
<th>Funding</th>
<th>Submission Deadline</th>
</tr>
</thead>
</table>
| **Synergistic Population and Data Science Award** | • Independent investigators with a faculty-level appointment (or equivalent)  | • Supports multi-institutional partnerships that will leverage existing prostate cancer patient datasets and/or cohorts to address high-impact questions responsive to the FY19 PCRP Overarching Challenges.  
• Allows for development of infrastructure to facilitate access to multiple datasets/cohorts, as well as conducting hypothesis-based studies utilizing the multi-institutional datasets.  
• Minimum of three institutions and three patient datasets/cohorts is required. | • Maximum funding of $1,500,000 for direct costs (plus indirect costs).  
• Maximum period of performance is 4 years. | Pre-Application (Letter of Intent): June 27, 2019 5:00 p.m. Eastern Time  
Application: July 18, 2019 11:59 p.m. Eastern Time |
| **Translational Science Award**                 | • Independent investigators at all levels                                    | • Supports translational studies that will advance promising ideas into clinical applications.  
• The potential impact of the research is expected to be significant and go beyond an incremental advance.  
• Preliminary data to support feasibility are required.  
• Proposed projects may include basic, translational, population science, or clinical research, but must demonstrate clinical relevance. Clinical trials are not allowed. | • Maximum funding of $750,000 for direct costs (plus indirect costs).  
• Maximum period of performance is 3 years. | Pre-Application (Letter of Intent): June 27, 2019 5:00 p.m. Eastern Time  
Application: July 18, 2019 11:59 p.m. Eastern Time |
