| **Clinical Translational Research Award**   | Must be at or above the level of Assistant Professor (or equivalent) | • Supports translational research addressing high-impact or unmet needs in ovarian cancer.  
• Supports correlative studies related to or associated with planned, ongoing, or completed clinical trials supported by other funding sources.  
• Encourage the utilization of precision medicine and computational approaches that identify individual tumor characteristics and predictive biomarkers across diverse groups to optimize patient care and outcomes.  
• Preliminary data are required.  
• Clinical trials are not allowed.  
• Pre-application is required; application is by invitation only. | • Maximum funding of $450,000 for direct costs (plus indirect costs)  
• Maximum period of performance is 3 years. | Pre-Application:  
April 30, 2020  
5:00 p.m. Eastern Time (ET)  
Application:  
July 30, 2020  
11:59 p.m. ET |
| **Investigator-Initiated Research Award**    | Must be at or above the level of Assistant Professor (or equivalent) | • Supports high-impact research that addresses a critical need and has the potential to make an important contribution to ovarian cancer or patient/survivor care.  
• Impact is an important review criterion.  
• Preliminary data are required.  
• Clinical trials are not allowed.  
• Pre-application is required; application is by invitation only. | • Maximum funding of $600,000 for direct costs (plus indirect costs)  
• Maximum period of performance is 4 years. | Pre-Application:  
April 30, 2020  
5:00 p.m. ET  
Application:  
July 30, 2020  
11:59 p.m. ET |

| Ovarian Cancer Academy Award – Early-Career Investigator | Must be within 3 years of his/her last postdoctoral research position (Ph.D.) or clinical fellowship (M.D.) or equivalent as of the full application submission deadline. A Statement of Eligibility is required. | • Supports the addition of new Early-Career Investigators to the unique, interactive virtual academy providing intensive mentoring, national networking, and a peer group for junior faculty.                                                                 • Early-Career Investigators whose ability to commit to conducting ovarian cancer research is limited by lack of resources or other overwhelming obstacles are encouraged to apply.                                                                 • A Designated Mentor who is an experienced ovarian cancer researcher with ovarian cancer funding is required.                                                                 • The Designated Mentor is not required to be at the same institution as the Early-Career Investigator.                                                                 • Preliminary data are required.                                                                 • Clinical trials are allowed.                                                                 • **Pre-application is required; application is by invitation only.** | • Maximum funding of **$725,000** for direct costs (plus indirect costs)                                                                 • Maximum period of performance is 4 years.                                                                 | Pre-Application: April 30, 2020 5:00 p.m. ET  
Application: July 30, 2020 11:59 p.m. ET |
| Pilot Award                                         | Investigators at or above the postdoctoral level (or equivalent).             | • Supports the exploration of innovative concepts or theories in ovarian cancer that could ultimately lead to critical discoveries or major advancements that will drive the field forward.                                                                 • Innovation and Impact are important review criteria.                                                                 • Goal is to develop preliminary data; thus, preliminary data are not required, but are allowed.                                                                 • Clinical trials are not allowed.                                                                 • **Pre-application is required and is blinded; application submission is by invitation only.** | • Maximum funding of **$250,000** for direct costs (plus indirect costs)                                                                 • Maximum period of performance is 2 years.                                                                 | Pre-Application: April 30, 2020 5:00 p.m. ET  
Application: July 30, 2020 11:59 p.m. ET |
